# Tennessee Gets Probers Attention

## Investigators Sent To State

Campaign Charges Will Be Inquired Into By Senate Campaign Committee

## KENTUCKY ALSO TO GET SOME ATTENTION

By ARTHUR HAUGHTEN

WASHINGTON, July 28.—

Tennessee, where Democrats are waging a bitter battle for the senatorial nomination, today became the senate campaign investigation committee's chief target in its inquiries into alleged political corruption.

Backed by a sizable committee attack upon reported misdeeds there, six investigators for the senate went in Tennessee attempting to ferret out evidence of wrongdoing.

Meanwhile, post office department officials indicated there would be a speedy investigation into charges that the government banking practice was violated in making farm security administration literature in South Dakota for alleged political purposes.

## Ask Probe Of Frank Use

The senate committee asked Postmaster General Farley to make the investigation into what the committee "concluded" was a scheme to boost the candidacy of ex-governor Tom Berry for the senate. Berry was recently nominated by South Dakota Democrats.

Chas. Gurney, Republican senatorial nominee, filed the charges, saying that Berry's connection with the F.S.A. two years ago was lauded by the governmental agency under mailings from an attempt to win votes for him this year. The F.S.A. literature was mailed from Yankton, S. D.

While Tennessee and South Dakota were live spots in the senate quiz, Kentucky, too, was being combed for proof of charges that federal and state funds are being used to fill campaign coffers and influence votes.

## Kentucky Charges Too

Supporters of Senator Allen W. Barkley have charged Gov. A. B. "Happy" Chandler with converting state federal-aid funds into campaign ammunition. Chandler's campaign manager has charged Barkley's forces are requesting destitute people on federal relief rolls to vote for him, under threat to cut off food relief.

Announcement was made by Senator Sheppard (D. Texas), committee chairman, that by Monday or Tuesday a finding would be made on the Kentucky situation.

Amid these developments investigators for the committee were enroute to Indiana, California, Illinois and Georgia to investigate various complaints of corruption.

It isn't enough to save us from disease and educate us, a cattleman doesn't improve his herd by dosing and brushing his scrubs.

## WAKE UP YOUR LIVER BILE

Without Colic—And You'll Jump Out of Bed in the Morning! The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks pink. A mere bowel movement doesn't get at the cause. It takes those good, old Colic's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Colic's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

## FORD'S STATEMENTS ON EVE OF BIRTHDAY

(Continued From Page One)

people understand each other there is no longer any reason to disagree. It and when was do come the airplane will demonstrate its usefulness.

"The major nations have for too long been content to lie safely, as they thought, behind their huge warships. This constitutes their first line of defense. The enemy would have to pierce this line before reaching the houses of the civilian population."

"Today that is changed. The airplane enables an attacking force to pierce this line from above and render it useless, or merely fly over it to call on the cities the warships are supposedly protecting."

"The talk of war sounded odd from this mid-summered man, who has often said:

**Too Much Profit In War**

"I want peace, and I will fight like the devil to get it."

Crossing one grey-trousered leg over the other, the man who built a huge fortune from his dream of harnessing the gasoline engine to a vehicle, to produce the first horseless carriage, and there was evidence too much profit in war for it ever to become too unpopular.

"The spotlight should be turned upon those men engaged in manufacturing materials for the warring of wars. When the public is apprised of the situation and the vast amount of money reaped by these men, they will want to cut it out."

"Have the findings of various committees appointed to study the subject been of any value in educating the public to the huge profits in making wars and their materials?" Ford was asked.

## Should Be Revealed

"They have helped," was the reply. "But still the public is not convinced. Those men who make those profits should be revealed to the public in their true light."

The talk varied from war and the airplane as an engine of war and the automobile industry. Henry Ford's own province.

"Could the automobile industry lead the nation on the road back to prosperity, Mr. Ford?"

"It certainly can," was Ford's answer. "There's too much talk of getting property back and not enough effort being towards attaining good things over more."

"The days of easy money are gone. We're all going to work."

The work, he declared, should be taught to the young ones, still unseparated from the lean years. They should be educated to do the task they are best fitted for and made available to industry, be absorbed into industry with their new ideas, their youth, their vitality.

"That is progress and the way to prosperity," Ford said.

ing the Ebro river, drove the insurgents before them with hand grenades, rifle fire and bayonets.

Most of Gaudesa was reported in possession of government troops despite resistance offered by forces of insurgent Generalissimo Francisco Franco. Complete occupation was expected momentarily, according to Barcelona advices.

## Chief Engagement

The fiercest fighting in the important city, a vital junction of numerous Catalan highways, was the chief engagement, provoked by the government offensive, designed to relieve Franco's pressure against Valencia in the south.

So far, the government has recaptured scores of towns west of the Ebro and captured between 7,000 and 8,000 insurgent prisoners. Barcelona claimed a net advance of more than 20 miles along the entire 93-mile Catalan front.

American and other foreign fighters of the government's international brigade were reported in the thick of the action.

Huge fires, set by airplane bombs were still raging in Kiangling many hours after the fighting in the streets had ceased.

imagine he's smart but we have a lot of New Castle men who have him skinned a mile. All they do is sit in their easy chairs and tell their wives to go out and mow the lawn."

Pa News heard a north hill man say today that he didn't mind washing dishes, but his ambition generally peered out when it came to cleaning up the pots and pans. Any housewife will tell you that washing the pots and pans is really the hardest job in cleaning up the mess after a meal.

The gravy sticks to the skillet, and there is a big black spot in the aluminum pan in which the beans were burned. What most women would like is a real he-man who can both wash dishes and put the shine on pots and pans.

Millionaires are putting their hair to curl papers in anticipation of the school reunion to be held August 16. Most of the real old timers are already rooting through the pigeon holes of memory in their efforts to recall early scenes on the west side. Wonder how many can remember the old glass works, the pottery where jugs were made, the old brewery, hotel, Trax cannon and the early show grounds. Is there anyone living who lived with the 24th Infantry when Barham and Bailey, and other shows, exhibited on the old grounds near where the Shenango pottery now stands?

## More Opposition In Senate

The four bills, once past the house, were expected to meet more vigorous opposition in the upper chamber, although their passage there was regarded as practically certain, barring unforeseen circumstances.

Senator Anthony Cavanente, Democratic insurgent from Fayette county, had earlier announced he would protest against the bill permitting the superseding of District Attorney Shelly. A senate bill introduced by him would invest in the legislature the sole power to order the superseding of a district attorney.

Cavanente charged a legislative investigation of criminal charges would be illegal. "If the legislature tried to take over the investigation of criminal charges, it would be invading the province of the judiciary," he said.

No Action On Guffey's Demands. From another quarter, that of Rep. Eugene A. Caputo, D. Beaver, chairman of the house judiciary committee, came a statement that no action would be taken on Senator Joseph E. Guffey's suggestions for impeachment of three city judges, "so far as I am concerned."

"Until a petition is presented and referred to our committee," he said, "no action will be taken on Senator Guffey's statement so far as I am concerned."

The statements made are too broad and general. If someone presents a petition or resolution, and it is referred to our committee, then we will act.

Guffey, before sailing for Europe yesterday, urged the legislature to investigate what he termed the "corrupt" Pennsylvania judiciary and impeach three supreme and superior court justices.

## Provisions Of Bills

The administration's investigating bills as they now stand provide for the removal of District Attorney Shelly as grand jury prosecutor, his replacement by Attorney General Bard or a district attorney from another county according to the discretion of Judge Paul N. Scheffert; suspension of the grand jury investigation until after the legislature has adjourned; and a special house investigating committee of seven, with provision for the jailing of recalcitrant witnesses by the legislature for 90 days to facilitate investigations of public officials.

month, perhaps until after Labor Day, and then reconvene to receive the investigating committee's report.

The investigating bills, with one exception, moved smoothly along in the house through second reading with the administration adding strengthening amendments and the heavy Democratic majority voting down 132 to 47 a Republican attempt to amend a bill so as to prevent Attorney General Guy K. Bard from superseding District Attorney Carl B. Shelly in his conduct of the projected grand jury probe. Unless the legislature's action halts it, the grand jury probe will open August 8.

Although overriding protests of the Republican house minority, administration leaders apparently insisted to the objections of house Democrats and failed to call for action the bill providing for "open" grand juries for public officials, reports were it might be tabled for good because of protests it was "class legislation" and unconstitutional.

Transport department officials of Toronto pointed to the fact that the plane carried adequate radio equipment "the party should be able to communicate with the radio station at White Horse unless they are grounded."

Hon. Ian MacKenzie, minister of defense, commenting that the plane possibly had landed, added:

Search Is Ordered. "Much has probably come down in a fog but I am issuing immediate orders to search for him. It may also be that he and his party have stopped at Mayo, Yukon, a victory of Alvin B. C. I have given orders to White Horse to contact both of these points for any word of him."

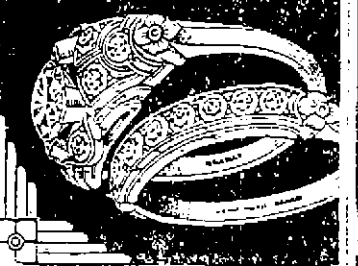

The department of defense has a station at Mayo and there is a commercial station at Alvin.

It had been the unannounced intrusion of the premier to fly to Campbell river on the east coast of Vancouver Island, B. C. today, where he planned to hunt and fish.

On the basis of the plane might have flown directly to Campbell river, residents there were contacted by Vancouver authorities. They reported the premier and his party were not there.

Local there said there would be no cause for worry if a northern plane were missing for a day, but pointed out that "Pawnee" pilot, for Bickell, who owns the plane had never flown over the Yukon-Alaska route before.

## State Produces One-Fifth Of Nation's Cement

Bureau Of Mines Presents Result Of Survey Of Nation For Year

BY ARTHUR C. WIMBOR  
Special Washington Correspondent, News

WASHINGTON, July 28 (P.M.)—A produce one-fifth of the nation's cement manufactured in the United States last year according to a survey by the Bureau of Mines.

Production in Pennsylvania accounted for 23,664,466 barrels. Nation's production totaled 116,747,000 barrels. Pennsylvania produced 20.3 per cent of the nation's cement.

The 1937 production of cement in Pennsylvania was 23,664,466 barrels, valued at \$3,127,831. This compared with 1936 shipments of 23,527,491 barrels valued at \$2,235,401. The average factory value per barrel declined from \$1.48 in 1936 to \$1.39 in 1937.

In the country at large, the per barrel value of plant shipments dropped from \$1.51 to \$1.46.

## McCracken Makes Envious Record

Wycliffe McCracken, a graduate of Geneva in the class of 1930, and at present principal of the high school at Eden, Pa., is making the record of an envious record in his graduate work at Harvard.

He has secured flattering notices of his work in the writing of plays. "The Last Play Written" entitled "Venetian in Loka" is described in the Harvard "One Act Play Magazine" as a "splendidly original production."

It is being given as a drama of the international program of Harvard summer session this year.

## Workers Will Picnic At Park

Saturday Will Be Day Of First Lawrence County Workers Picnic

### 'MYSTERY MAN' WILL BE THERE

A meeting of the committee on Wednesday night in Carl Hagler's home, final arrangements were made for the Lawrence County Workers' picnic, which will take place Saturday, July 30, at Carnegie Park.

This will be the first time that a picnic of this size has been attempted here, but those in charge are so confident that it will be a great success that they are for making it an annual affair.

And this is the first time that every worker of New Castle and Lawrence county, this picnic is being sponsored by no society or any kind. It is an outing planned by workers for workers and their families.

The afternoon will be spent in all kinds of sports and in dancing. The committee has it arranged so as to have something going on all the time. Many prizes will be awarded during the afternoon.

One feature of the picnic will be "The Mystery Man." He will be a good looking chap, 35 years old, wearing a blue tie, white shirt and dark suit, and the picnicer who walks up to him and asks "Are you the Workers' Mystery Man?" will win a cash prize.

There will be another committee meeting on Friday night at the home of Henry Venditto, 502 East Division street.

## Scouts Enjoy Stay At Camp

Registration For Next Year Received Already By Boy Scout Office

According to Karl P. Green, Lawrence county Boy Scout executive, there is always one sure way of knowing if Boy Scouts in camp have had an enjoyable experience. This way is when a scout wants to go back for another year.

Wednesday, Jack Miller, scout of Troop 18 of the Highland United Presbyterian church, came to the scout office and registered for duty next year at Camp Phillips. Miller just completed a two week camp period and wants to go back next year.

Green is under the impression that one of the reasons why the boys like the camp so well is because of the meals being served by Mrs. Kice and Mrs. Stevens.

Dr. D. L. Rosenthal, on visiting the camp, stated that he did not know how the scouts could eat so much, but as he realized how active they are all day, he could realize the amount of food needed to fill the empty stomachs to capacity each day.

Republicans need only one thing to win. If poverty makes Democrats simply make it all prosperous and let nature take its course.

**Corrigan's Uncle Weighs Offers For Services Of "Doug"**

Acts As "Shock Absorber", Many Tempting Offers Have Been Made

(International News Service) NEW YORK, July 28.—Playing the role of "shock absorber" today is the chief occupation of the Rev. Frazier Langford, uncle of the "Wrong-Way" trans-Atlantic flier, Douglas Corrigan.

The kindly Cerynham, who taught the 31-year-old non-stop aviator how to navigate, has been swamped in his hotel by callers anxious to get Corrigan under contract.

"I am acting as an intermediary so that when Douglas gets here, he can be told as quickly as easily as possible the details of the better offers that have been made," the Rev. Mr. Langford declared.

"A lot of people thought I would commit my nephew to various deals. I have no such intention and am desirous only of sifting through the mass so that Douglas can himself pass on the more desirable after his arrival."

The executive board of the Committee for Unemployment Organization held its regular meeting last night at the Grandin hall. By order of the board, vigorous protest letters were sent to President Roosevelt, Governor Earle, Harry Hopkins (national W. P. A. administrator), Banks Hudson (Penna. W. P. A. administrator), John L. Lewis and Ralph Heizer, Jr., secretary, C. I. O. unemployment committee of Washington, D. C., that immediate action be taken to stop lay-offs of single cases on W. P. A. President Jack Griggs of the C. U. O. stated at the meeting that the lay-offs "is just another political strategy, lay them off now and rehire them again around election time."

The picnic committee also held a meeting last night to shape up plans for the big C. U. O. picnic, which will be held at Cascade park Saturday, August 20.

## Add Another Quarter Billion To U. S. Spending

(International News Service) WASHINGTON, July 28.—Another quarter-of-a-billion dollars was added to the administration's lend-and-spend program today through an agreement between the Public Works Administration and the Reconstruction Finance Corporation.

P. W. A. Administrator Harold L. Ickes made the estimate of the new

money available in discussing the plan under which Jesse Jones, chairman of R. F. C., agreed to furnish loans for public works projects.

The P. W. A. Ickes said, will continue to make grants for public works, but will leave almost all of the loan business to the R. F. C.

Arrangement of the agreement came as the administration accelerated its entire recovery machinery in an effort to bring about an extensive business upturn by mid-winter.

## New Wilmington Annual Picnic Attracts Crowd

Second Community Day Is Most Successful—Hundreds Enjoy Program

New Wilmington's second annual community picnic, an event of Wednesday at the town park, was a most successful event, attracting a crowd of hundreds during the afternoon and evening programs.

Weather conditions were excellent during the afternoon, and the athletic and aquatic programs were warmly received and produced a lot of interest for the hosts of spectators. Tom Jones, Jr. directed this part of the picnic program.

Featuring the day's schedule was a concert by the Federal orchestra, which was much appreciated and enjoyed. In the evening free movies added to the enjoyment.

New Wilmington residents who aided in the arrangements for the picnic are especially pleased with the fine results. In addition to attracting townspeople, a large number from the surrounding area gathered and took part in the program of the day.

George Brown, as general chairman, and had the aid of a lot of other members and committee members.

Free coffee, lemonade and ice cream were provided.

There is no doubt that the community picnic has been established as an annual event, and that year by year it will become larger and larger.

## MISSION YOUNGSTERS ROMPING AT CASCADE

Cascade Park echoed today with the laughter of City Rescue Mission Sunday school children, out for a day of fun and frolic as the guests of the Mission leaders. The picnic is held annually.

Supervising Arthur Gibson and his aides were overseeing the program.

Special street cars transported the youngsters from the downtown to the park this morning.

## Roundheads Will Meet Next Month

Seventy-Third Annual Reunion Of Civil War Regiment Occurs August 16

ONLY FIVE OF GROUP SURVIVE

Surviving members of the 100th Roundhead Regiment, Pennsylvania Volunteer Infantry veterans will gather in the Central Presbyterian church, Old White Hall on Tuesday, August 16, at 12 o'clock noon for their 73rd annual reunion.

Of the 204 members who enlisted with the Roundhead Regiment during the Civil war, only five now survive, according to the report received by local officers of the reunion association from the United States Veterans Bureau at Washington, D. C.

They are: Jacob Womer, Co. B, of Los Angeles, Calif.; Rev. William H. Floore, Co. K, Houston, Texas; James P. Sankey, Co. K, Crafton, Pa.; John B. Rodgers, company E, New Castle, Pa., and J. G. Marshall, Co. M, Kansas City, Pa.

There are several hundred descendants of members of the regiment in New Castle and vicinity and they have been invited to attend the reunion and join with the Roundhead association if not already members.

Dinner will be served by the Central Circle of the church in the church parlors.

The present officers of the association are: President, James P. Sankey of Crafton, Pa.; vice-presidents, Hon. William H. Dunlap and Hon. James A. Chambers of New Castle; chaplain, Rev. William H. Floore of Houston, Tex.; secretary and treasurer, Miss Anne Gilliland, New Castle; honorary secretary, Miss Laura M. Stevenson, New Castle; chairman of history committee, Dr. Gula McDowell of Beaver Falls; chairman of membership committee, Miss Frances McDowell of Beaver Falls.

Two of the survivors, Messrs. Sankey and Rodgers, attended the recent reunion of the veterans of the North and South at Gettysburg, Pa., and will give reports of the reunion at the meeting. They will also tell of the dedication of the Eternal Light Peace Memorial which was unveiled by George M. Lockwood of Los Angeles, Calif., veteran of the Union forces, and A. G. Harris of McDonough, Ga., veteran of the Confederate forces.

## Patrons Along Eight R.F.D. Routes Asked To Fix Boxes

Mail service in Lawrence county's rural districts will benefit indirectly from efforts expended during "Rural Route Clean-Up Week," opening on Monday, August 1, Postmaster Richard A. Steen believes.

The week has been especially designated by the post office department to focus attention of rural residents on their mail service.

The postal authorities, anxious to provide the best in service, are asking rural patrons to make repairs to mail boxes where repairs are needed. Some are in need of new paint, some new lettering and some need to be completely replaced.

Eight county routes are served by postmen out of the New Castle office, and Postmaster Steen is seeking the immediate co-operation of patrons the county over. The clean-up efforts are being made on a nation-wide scale.

Postal officials feel that the service will stand to benefit from improving mail boxes.

## Young Democrats Hear State Head

Joe M. Barr, State President, Speaks To Crowd In Ruinbow Terrace

Approximately 350 Young Democrats of Lawrence, Beaver, Butler, Mercer and Allegheny counties attended the testimonial ball Wednesday night in Ruinbow Terrace, Cascade Park, when State President Joe M. Barr was honored.

Mr. Barr's address was short. In it he urged the Young Democrats to prepare for a vigorous campaign this fall to see that their votes count for their own benefit and to

to mail boxes where repairs are needed. Some are in need of new paint, some new lettering and some need to be completely replaced.

The ball was sponsored by the Lawrence County Chapter of the Young Democrats of which Charles Wolf is the president.

## What's What At A Glance

(Continued From Page Four)

anywhere toward final conquest, and he is played out—nearly. Now comes Russia.

### VICTORY OVER RUSSIA

Japan, a generation back, go a decision over Russia likewise. But it was not much of a victory. So far as the Russians were concerned, they were holding their own fairly well against Japan, but they were in danger of revolution at home (those were czarist times).

President Theodore Roosevelt offered to mediate. The czar, afraid of being overthrown, was willing—not on account of the Japanese but on account of domestic discontent. The nikado, at the end of his rope, was equally willing to make terms. He (the nikado) acquiesced in a much more pro-Russian bargain than he would have considered if he had been a real victor.

All the same, the Japanese were nominal victors. They have been abnormally cocky ever since then.

RUSSIA IN BETTER SHAPE

Today Russia is in vastly better military and naval shape than in this earlier era.

And Japan, torn to a frazzle by its conflict in China, is in infinitely worse shape.

But are the Soviets less subject to domestic trouble than the Russian czarist government used to be? It seems likely that it is plenty of dissatisfaction at home. Would not the imbeciles seize the opportunity

of foreign conflict to raise hades in the Soviets' own dooryard?

### AS STEWART SEES IT

The Soviets hate the Japanese and probably are inclined to jump on the latter while they are preoccupied in China, even at the risk of internal difficulties.

Japanese statesmanship knows better than to go to the mat with Russia. China, on Japan's hands. But Japan has a crazy military class which favors suicide if necessary. Japan's militarists are not to be reckoned with according to any Occidental standards.

But the Chinese? They lick their lips over the situation.

## Parade Will Be Three Miles Long

GREENVILLE, Pa., July 28.—James G. Dimmick, assistant general chairman of the Centennial, who heads the parade committee, has announced that the parade, to be held Saturday afternoon, August 6, will take two hours to pass a given point, and will be three miles long.

Over 50 beautiful floats and decorated cars have been entered. There will be from 800 to 1,000 marchers, 11 bands and 400 musicians. No expense being spared, the entries are valued at over \$10,000.

Circle Sam's pennies are actually bronze and not copper, inasmuch as they're an alloy of 95 per cent copper, 4 per cent zinc and 1 per cent tin. Look, girls, no matter how obese you are, it's still best and safest not to lose more than a couple of pounds a week during the first stages of reducing. Hitler may think he's absorbed Austria completely, but the imperial eagles of the Hapsburgs still adorn the upholstery of all the Austrian railway trains—but only because it would cost plenty to replace them with swastika symbols.

A University of Chicago survey of four magazines in widely different fields shows Time averages 50 different words per 1,000 as compared with 52 for Reviews of Reviews, 49 for Deliberator and 47 for Detective Story. Considering the highly contagious character of small

pox, it's a paradox that the disease is largely confined to some of the most sparsely settled states—Idaho, Montana, Wyoming, Oregon and the Dakotas. The ticket sellers at Chicago's major league ball parks get \$5 a day, with \$8 for double headers, whereas the scale in photographic New York has been only \$2.50 a day, with only a slight tilt for twin bills.

The word "propaganda" was coined way back in 1622 by the Roman Catholic church to describe the work of its foreign missions—a meaning that's been considerably twisted since then. Despite the abysmal plight of our railroads, a nation-wide Commerce survey reveals that 52.9 per cent of those queried are against the government's taking them over contrasted with only 2.5 per cent in favor of such a move.

# The Story of OD and AD

OD and AD owned neighboring farms. Both decided to grow tomatoes. But when their tomatoes were ripe, OD and AD had different ideas as to how they would sell them. This is the story of what happened.

## and the TOMATOES

### How OD and AD Sold Their Tomatoes

OD filled baskets with his tomatoes and put them in a wagon and drove to town. He went up and down the streets looking for people who wanted to buy tomatoes. Some days he sold all. Some days he sold only a few. When the season was over, he found he had made just enough to live on.

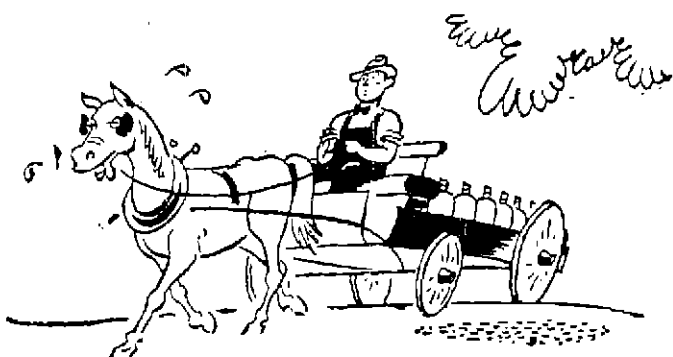

AD thought there must be a better way to sell his tomatoes. He knew he must tell people about them, but he decided he could never sell very many tomatoes if he talked to people one at a time. So he used one of the simplest forms of ADVERTISING. He built a stand by the side of the road,

where many people passed. He put up a sign that said: "AD's big, red, ripe, juicy tomatoes." Because so many people saw the sign, enough people stopped to buy so that he sold all his ripe tomatoes every day. Many who bought, remembering his name on the sign, came back again and again. When the season was over, he had money in the bank.

One day AD heard that tomato juice was healthful and good to drink. He thought it would also be convenient to handle, to sell, and to serve in the home. He told OD about it. The next year both decided to make and sell tomato juice.

### How OD and AD Sold Their Tomato Juice

OD's wife squeezed tomatoes all day and put the juice in bottles. OD took it to town and went from door to door, looking for people who wanted to buy tomato juice. In a whole day he could call at only about 50 homes. As most people had never heard of tomato juice and did not know how good it was, he sold only a few bottles each day.

AD felt sure there was a better way to make and sell his tomato juice. He took some money from the bank and bought a shiny new press that squeezed out juice easily and quickly. He put the juice in bottles that could be tightly sealed. He had labels printed for the bottles, reading:

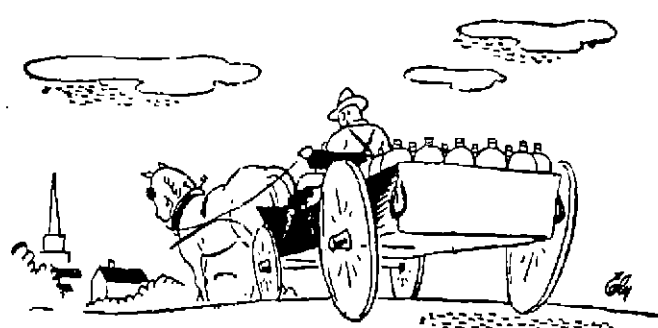

AD'S PURE TOMATO JUICE.

He went to the grocery stores in town, where many people came every day, and asked the grocers to put a few of his bottles on their counters. Then he put an advertisement in newspapers read by thousands of people. The advertisement said:

"Enjoy the refreshing taste of AD's PURE TOMATO JUICE, pressed from big, red, vine-ripened tomatoes. Good to drink and good for you. At your favorite grocery store."

Because so many people read about it, enough people asked for it to exhaust the supply quickly. And, remembering AD's name on the label they came back and asked for it again. So AD bought tomatoes from his neighbors and made more tomato juice to supply the demand.

### What OD and AD Did The Next Year

OD and his wife decided that if they were going to make any money, they would have to work harder. So she got up earlier in the morning and picked tomatoes and squeezed and bottled juice all day. OD spent a longer day in town trying to see more people in order to sell more bottles. But, even though OD and his wife worked long and hard, they could not make any money.

AD now saw how true it was that the more people he told about his tomato juice, the more he sold. So he advertised in other cities, telling women how good tomato juice was for their families to drink. He also sent salesmen to call on grocers. He got so many orders that he arranged to buy tomatoes from hundreds of other farmers, built a bigger building, bought more equipment,

more bottles and labels, and employed more people. AD knew that, because his name was on every bottle, he must always maintain the high quality of his product. And, because he did this, women soon insisted on AD's PURE TOMATO JUICE.

AD already had found that the more he advertised and the more bottles he sold, the less it cost him to put up each bottle. Therefore, as his advertising was extended all over the country and his sales increased, he reduced the price. Thus more and more people could afford to enjoy tomato juice, and, although his profit per bottle was now very small indeed, he sold so many bottles that he had a very fine business. So both AD and his customers were benefited.

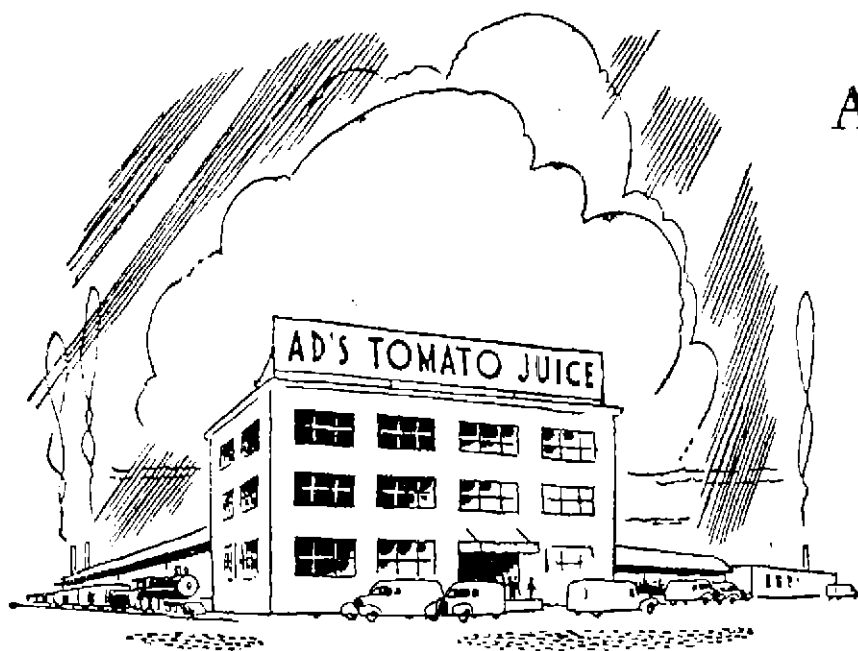

### AD tells OD how an Idea Became an Industry—through ADVERTISING

ONE DAY, years later, OD called on his old neighbor AD. He said "It's remarkable how your business has grown since you got that idea about selling tomato juice."

"Yes," said AD, "but even more important have been the benefits to other people. We are now only one out of many producers of tomato juice. Yet we take all the tomatoes grown by more than a thousand farmers who have here an assured market for their crops. We give steady employment the year round to several hundred

people and employ hundreds more on part-time. We pay more than half a million dollars a year to manufacturers of cans, bottles, labels, supplies, and equipment.

"The entire industry now sells more than twenty million dollars worth of tomato juice a year and the public enjoys its healthful benefits—at the lowest price at which it ever has been sold. Yes, tomato juice was a great idea, but that idea would have benefited very few—without ADVERTISING to tell the story."

## Grain Crops In State Suffer As Result Of Rain

Report Fifty Per Cent Loss For Grain Crops Due To Wet Weather

CORN IS GROWING RAPIDLY, REPORT

(International News Service) PHILADELPHIA, July 28.—Fifty per cent loss of grain crops in the commonwealth is the latest estimate made by the U. S. Department of Agriculture in its weekly summary of farm and weather conditions in Pennsylvania.

"Grain in the shock is moldy or sprouting, while the hay that was caught in the fields is a total loss," the report said in commenting on the damage to crops. "The loss of grain so exposed will be no less than fifty per cent. Very little of it will be marketable, and its value will be mostly on a feed basis. Along with all the damage to crops, the rain did some good. There were many regions where the top soil needed

moisture, and these have generally benefited.

(Corn Is Growing) "Corn has made a good growth, but the ground surface is so wet that some of it has been beaten down. Most truck crops have grown rapidly, and have generally improved. Pastures and meadows are in good to excellent condition. A considerable portion of the early potatoes was dug before the rains began, but those that remain in the ground are rotting badly.

"Orchard fruit were not greatly affected by the rains, despite the heavy rains in the central and eastern portions of the state, we have reports that moisture is badly needed in some of the southwestern counties."

But American People Will Not Break Precedent Says Senator Holt

(International News Service)

WASHINGTON, July 28.—President Roosevelt "loves to break precedents" and will seek a third term in the White House, if he believes he can be elected, Senator Rush D. Holt, D., of West Virginia, declared here today.

The West Virginia senator, who opposed the president's supreme court enlargement bill, the government reorganization bill and other major New Deal measures, quickly added:

"But the precedent against a third term for president will not be broken by the American people. Neither President Roosevelt nor any one else can stay in the White House for three terms. If President Roosevelt believes he can break that precedent, he will find himself mistaken."

"The president's so-called purge of Democratic senators and representatives who do not agree with his definition of a liberal, will go on, Holt predicted.

"But he will pick his spots," the youthful senator declared. "He will wage his fights in states where he thinks he can win. You notice that where senators and representatives, who exercise independence in their voting are renominated, nothing is said by the president's lieutenants. Naturally, they will not talk about their defeats."

Social Security Payments To Aged In State \$96,199

Record Of Payments For June Is Announced At Washington

By ARTHUR C. WIMER, Special Washington Correspondent, New Castle News

WASHINGTON, July 28.—June pension payments to aged Pennsylvania residents under the Social Security Act totaled \$96,199, the Social Security Board announced today.

The total of such pension disbursements was greater in only one state, New York, where it amounted to \$120,803. Ohio old folks received \$98,450. In West Virginia such pension payments aggregated \$11,855.

Each Pennsylvania recipient was paid an average of \$39. This was substantially larger than the national average of only \$47.70. The average payment was \$50.78 in Ohio and \$41.16 in West Virginia.

Up to July first, 18,650 aged people in the Keystone State had received such pension benefits under the social security legislation.

Office of County Treasurer, V. I. Mandich has been crowded this week by persons anxious to pay their taxes before the discount goes off. Only four days remain, as the time limit expires on August first. After August first, taxes must be paid at face.

County commissioners are considering painting the court house and the county jail if it can be brought in under a WPA project. The exterior of the court house has not been painted for a great many years. It is a dull gray color. If it could be painted some lighter color it would add greatly to its appearance.

Workmen are engaged in laying carpets in the law library. An excellent foundation has been prepared by covering the old floor with insulated board about three eighths of an inch thick. On top of this, brick is being laid before the carpet is laid. Attorneys and others who enter the library after the work is

completed, are expected to see that their feet are clean, and there is to be no throwing of cigar or cigarette ashes on the carpet.

County commissioners have passed a resolution, exempting the building used for a mission on Lawrence street from taxation. This is the usual custom for churches and buildings used for religious purposes.

County Engineer T. A. Gilkey is preparing for a retaining wall to be erected along the Nesbannock creek, above the paper mill bridge. The plans are to provide for a stone pier before the discount goes off. Only four days remain, as the time limit expires on August first. After August first, taxes must be paid at face.

County commissioners have had a number of inquiries recently by persons who desire to purchase properties owned by the county. These are properties taken in former years at tax sales, and are nearly all unimproved. Several offers just been made for lots in Union township. The commissioners do not have the authority to sell the properties at private sale unless the sale is approved by the court. The person making application to purchase must first submit a bid. The property is advertised with the bid offered, and if nobody offers, any more the commissioners have a

right to make a deed after the sale has been confirmed by the court. There is considerable property in the hands of the county that will be sold at very low prices if offers are made, as the county feels it is better to sell the property and get it back on the tax docket. At present the county is out the taxes on properties taken at tax sales.

Sheriff M. M. Ingham has filed schedules of distribution in the probate court, on properties which have recently been sold at sheriff's sales. This is in accordance with an act of assembly which requires that schedules be posted. The latest list includes properties formerly owned by Nellie J. Swisher, Robert A. Berrie, Angelina Rosati, Paul Miluhak, J. Henry, administrator, J. W. Martin, Philip Sheldahl and Adelaide E. Drake.

Judge Thomas W. Dicker will hold a session of court on next Monday morning at which motions and petitions will be heard.

Carrying out Washington orders which have gone out to postmasters the country over, Postmaster Richard A. Sten today received from all post office employees here statements affirming their United States citizenship.

"It is an order from the department in Washington," Sten said. "We're checking on all native-born and naturalized citizens. It is a country-wide check-up."

The postmaster said the statements will be filed here.

Good Advice About Constipation!

A doctor would tell you that the best thing to do with any ailment is to get at its cause. If you're constipated, don't fiddle with makeshift remedies. Find out what's giving you the trouble!

Chances are you won't have to look very far. If you eat just the things most people do. Most likely, you don't get enough "bulk."

And "bulk" doesn't mean just a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the bowels, and helps a bowel movement.

If this is what you lack, your ticket is crisp crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus the intestinal tonic, vitamin B.

Eat it every day, drink plenty of water, and join the "regulars." All-Bran is made by Kellogg in Battle Creek.

### Battery Fund Not Complete

Still Need Money For Memorial To Cooper's Battery At Gettysburg

Have you made your contribution to the fund for the Battery B monument? The \$200 needed to complete the fund is not yet in and a little from a lot of people will make it.

That monument is going to be purchased and erected. Lawrence county is not going to fail in a duty that should have been discharged long ago.

Battery B was one of the shining examples of American bravery on the field at Gettysburg. It was composed of Lawrence county youngsters headed by a Lawrence county hero, Captain J. H. Cooper, and many people still refer to Battery B as Cooper's Battery.

On the first day of fighting at Gettysburg, Battery B was right in line of the Confederate attack. The boys were tough but the Lawrence county lads stood up under it.

Now friends of the old battery want to mark that first day's fighting with a suitable monument. Most

of the money has been raised, but there is still a need for about \$175.

Get in touch with Edwin O. Reed, whose office is on Court street across from the court house. Put in your bit and help to mark the spot where Lawrence county boys wrote history that will never be forgotten.

### Marijuana Bush Awaits Experts

Marijuana bush which was found several days ago by a citizen and given to Chief of Police Ralph A. Criswell is still in the city police station. It was placed in water in order to keep it alive until it may be scrutinized possibly by narcotic operatives of the department of justice. The leaves are shaped like a saw, excepting that both edges have teeth and the stems have grooves.

Marijuana is said to be one of the most vicious narcotics now in the country. Cigarettes known among addicts as "reefers" are sold and in time smokers are apt to commit any kind of a crime, according to police.

### Unfounded Rumors Concerning Audit Of County Books

Commissioners To Make Full Report On Shortages To Taxpayers

Concerning the audit of county books now in progress at the court house, county commissioners stated today that erroneous rumors are being circulated to the effect that the deficits being found by the auditors are in small amounts of from ten to thirty cents. This, they say, is not true. Reports heretofore made public indicate that the shortages found are in much larger amounts.

For the past several weeks the commissioners have been sending out statements of tax liens which have been filed. Those receiving the statements are asked to check them against their tax receipts. If they have receipts showing that the liens have been paid, they are invited to come to the commissioners' office and make the fact known. If they have no receipts it is presumed that the statement of the lien sent is correct.

It was upon authoritative information, and not upon any rumor that the commissioners decided at a meeting held yesterday to continue the audit. When it is completed a full and complete statement will be furnished the taxpayers of the county.

Present at the meeting yesterday were the county commissioners, their solicitor, the district attorney, county controllers, and auditors who have been engaged in the work.

### Wilson To Get Air Mail Award

Striking Lapel Emblem Sent For Pilot Who Flew Mail May 19

A handsome gold lapel emblem will be presented by Pennsylvania's leader of National Air Mail Week to Pinley C. Wilson, local aviator, who flew a shipment of air mail from New Castle to Butler last May 19. Postmaster Richard A. Seien announced this morning.

Wilson was the special pilot who

volunteered his services to the government for the special "Air Mail Pick-Up Day" flight during the week-long observance of National Air Mail Week.

He took off from the local airport at Parktown Corners and delivered the cargo at an airport near Butler.

Joseph F. Gallagher, state chairman of the special celebration, said the emblem is being presented "as a token of appreciation to the pilot who volunteered his services."

The emblem is in the form of a bag of mail with wings on both sides. The words "U. S. Air Mail" are inscribed on the mail sack.

The postmaster is to present the award today or tomorrow.

### Makes Good Catch Deep Sea Fishing

George W. Short, Wallace Avenue, Gets Two Fish Weighing 70 Pounds Each

George W. Short, of 411 East Wallace avenue, who was accompanied by his brother Harry, of Middletown, returned Wednesday from Ocean City, Maryland, where they had indulged in some deep sea fishing, about thirty miles off shore.

On Friday they caught two white marlin, each about seven and a half feet long, weighing seventy-five pounds apiece, and on Sunday they hauled in two more marlin, and seven Dolphin, the former larger than those of Friday, and the Dolphin weighed about ten pounds each.

The catch on Friday, was while aboard a charter boat, "Mouse the Second" and the Sunday trip was on the private yacht, "Happy Days" owned by George O. Short, a prominent attorney of Washington, D. C., and a well known deep sea fisherman.

In 1935, the first white marlin was caught off Ocean City, states Mr. Short, and since that time more white marlin have been caught at Ocean City, than at any other place along the Atlantic Ocean. The week before Mr. Short and his brother arrived, thirty seven marlin were brought in during one day, which is the world's record for one day's catch.

We saw one of the marlin packed, and strapped to the front bumper of Mr. Short's car. It looked like a "Whitened" torpedo, and we would hate to get hit in the ribs by one of those finny monsters.

### 'Picnic Day' For Bethany Lutherans

This is the day of the annual basket picnic for the Sunday School of the Bethany Lutheran church. Truck loads of young people were scheduled to leave the East Side church for Camp Yoke this afternoon at 2 and 6 o'clock.

WOMAN, 78, FALLS INTO 26 FOOT WELL; THRILLING RESCUE

ZELLENOPLE, Pa., July 28.—Mrs. Margaret Cunningham, aged 78, residing on the Endress farm, near Zellenople, narrowly escaped death by drowning yesterday afternoon when boards covering a water well at the rear of her home gave way as she walked across them, plunging her into the well.

As she plunged toward the bottom of the well, which is 26 feet deep and contains 10 feet of water, Mrs. Cunningham grasped a pipe protruding from the wall and clinging to it, keeping her head and shoulders above the water.

Mrs. Russell Shanor, a daughter of Mrs. Cunningham, heard her mother scream and summoned aid immediately. Russell Shanor, her son-in-law, George Endress, who were working nearby, and Robert Robinson, driver of a delivery truck for a baking company who was making deliveries in the neighborhood, went to her assistance.

They lowered a ladder into the well. Mrs. Cunningham grasped it, and the men succeeded in pulling her out. She is suffering from shock today.

A free hand is one where we vote for the fellow we like and hope that responsibility will teach him some sense.

### The Human Side Of The News

(By EDWIN C. HILL)

Copyright 1938 King Features Syndicate, Inc.

By the end of the fiscal year in 1939, Uncle Sam will be 40 billion dollars in the red, 20 billion of the debt having been incurred in the past five and a half years of the New Deal. It's getting so that we speak of a billion as glibly as our grandfathers mentioned a hundred thousand. Well, let's take a few minutes to examine just what a billion means—how much it really is in units of any sort. In money, matches or minutes. You might be surprised.

If a railway train running at the rate of a mile a minute had been at the dawn of the Christian era, started around the earth on a straight track, its object being to run a billion miles without stop, it would have been necessary for that train to circle the earth 40,000 times, and it would not have come to the end of its journey until nearly New Year's Eve, 1628—16 centuries after Christ was born and eight years after the Mayflower landed at Plymouth Rock.

During its frantic flight it would have seen the Saviour live and die, Rome and its marvelous grandeur would have risen, flourished and decayed. Britain would have been discovered and vanquished by the hosts of Caesar and London and Paris would have been built; kings and emperors would have reigned and great wars would have been fought.

Throughout the Middle Ages upon which history sheds but a faint candle-light the rushing train would have sped on its seemingly interminable journey. Christopher Columbus would have been born and America discovered and not until nearly two centuries after that great western world had been added to the map would the engine-driver have closed the throttle and brought his machine to a full stop at his destination.

The wealth of Mr. John D. Rockefeller, the richest man in the world, was computed at a billion dollars.

Let us assume this to be correct, and then imagine the world's richest man sitting down to count his "pile" in suppositions silver dollars. If he had the entire sum before him and could handle it as rapidly as the ticks of a watch, about \$5 to the second it would take him, working day and night six years and four months to finish his pleasant task. Of course if he worked on a union labor scale he would be just 18 years on the job. In order to have coined it for this pastime the mint would have had to work making dollars for 32 years without pause day or night.

A pile of a thousand million dollars stacked as coins are ordinarily stacked would reach a height of 248 miles. So close to edge these dollars would form a glittering ribbon stretching from New York to Salt Lake City. To coin the dollar would require the use of 31,250 tons of silver and to haul it to the mint 2,083 freight cars, drawn by 104 locomotives, would be necessary, while the combined length of the trains carrying it would be more than 14 miles.

At the ordinary valuation of agricultural lands in the best farming sections of the country a billionaire could buy a farm as large as the combined area of the States of New York, New Hampshire and Massachusetts. If he could buy land at \$1 an acre he could purchase all the territory of the United States east of Montana, Arizona, Wyoming, Colorado, Texas and New Mexico.

In the ordinary box of safety matches there are 50 sticks. If a consignment of one billion matches

were ordered from the manufacturer, the boxes in which they were packed would make a pile 158 miles in height. Packed in tin cans, they would fill 12 to the rods. To box them alone, not to take into consideration the labor of making and labeling the boxes, 1,000 girls would be kept busy a month, working in eight-hour shifts.

And we are 43 billion in the red and going deeper into debt by 4 billion a year.

### Sixteeners To Meet At Mercer

Sons And Daughters Of Civil War Veterans To Meet Again

Sixteeners will hold their Golden Jubilee at Mercer, August 6-10. It was announced today by the Sixteeners association of the Mercer Soldiers Orphan school. The Sixteeners of Mercer are the sons and daughters of Civil war veterans and Sixteeners will come from practically every state in the union. Len M. Castle is secretary of the association.

### Former Flyer Of City Visits Here

Walter Tackmeyer, former test pilot of the city and well known National Guardsman, who is now at the New Castle Airport Thursday to visit his relatives and to ride here.

Tackmeyer was flying a Kinner Bird ship and he left to proceed to his home.

Tackmeyer began flying at the New Castle Airport many years ago, and took his first instruction from Pinley C. Wilson, at the port here.

The southern conservative machine as well be disappointed. He abhors the New Deal and can't abide the word Republican.

### Consistory Picnic

Friday In Sharon

Affair Sponsored By Legion Of Honor To Be Held In Buhl Park

Sponsored by the Legion of Honor, the picnic of the New Castle Consistory will be held in Buhl Park, Sharon, Pa. Friday afternoon and evening July 26. Acceptance cards have been issued in from all over Western Pennsylvania during the past week and weather permitting the crowd should be large.

The sports program starts at 3 o'clock according to the general chairman, Christian C. Seese. Haves of all kinds will be held for the youngsters and the immediate has 100 prizes in its trophy. Golf will be on the agenda with trophies for the best for those who are inclined more to musical swing than a golf swing. At 6 o'clock a basket picnic will be held in the grove of the park. Buhl Park offers a host of recreational attractions and the day will be one of pleasure it is anticipated.

### HAPPY RELIEF FROM PAINFUL BACKACHE

Many of the most common causes of backache are due to the fact that the muscles of the back are not properly exercised. This leads to a condition known as "back strain" which is characterized by aching, stiffness and sometimes sharp pain in the lower back. The best way to prevent this is by doing simple exercises every day. These exercises strengthen the muscles and help to maintain good posture. For more information on backache and how to prevent it, see the advertisement for "Backache Relief" on page 18.

### Pirates Win, Giants Lose, Lead 5 Games

Cards Tame Giants As Pirates Upset Phils 4 To 2 On Wednesday

### YANKS WIN AGAIN, SO DO INDIANS

BY LAWTON CARVER  
International News Service Sports Editor  
NEW YORK, July 28.—Manager B. Terry of the Giants today again was enjoying one of his annual down seasons on sports writers, as his club continued to progress in reverse, right out of the national League pennant race. The sports writers in turn were enjoying an open season on Terry with the result that we now have one big happy baseball family around here. Nobody has been slugged yet, but give us time.

Another thing you are losing sight of and looking none too good about it. The St. Louis Cardinals gave it to them yesterday by 7 to 6 behind the four-hit pitching of Len Wabash and with the aid of three errors, that didn't help the Cards any, because they are beyond help, but it did help the Pirates, who beat the Philadelphia Phillies 4 to 2, and the Chicago Cubs. The latter lost a night game to the Brooklyn Dodgers, 3 to 2, but didn't yield any ground to the second place Giants.

In a few words, here is what is wrong with the Giants: they are not hitting too well, they are getting pitched that talk about the sensational and they are not fielding at all. Aside from that they are playing jump-up ball. The kind that will get a second division berth any time.

### Yanks Win Again

In the only other national league contest, the Cincinnati Reds were turned back twice, first by old Lou MacFadden, 1 to 0, then by Ben Forte, 3 to 1, in a double header with the Boston Reds. Both Bee hurlers allowed only five hits.

The Yankees continued to set the pace at 15 games ahead of the Cleveland Indians in the American League by beating the St. Louis Browns, 7 to 5, in the first game of a twin bill. The second was rained out. Meanwhile, the Indians were beating the Philadelphia Athletics 12 to 11.

In the one remaining contest, Hank Greenberg got his third and fourth home runs in two days to help the Detroit Tigers beat the Washington Senators 9 to 4.

### Umpires Assigned For City League

Dom Costello today assigned the following umpires for the City baseball league games tonight:  
Mehoning vs. Ryantown: Costello, Tip Richards.  
Slovak Club vs. Lawrence Indies: Kellar-Philmar.  
West Side Tigers vs. Red Socks: Billings-Tex Richards.  
West Pittsburg at St. Josephs: Harvey Field, Mark-Zigow.  
K. Pulaski vs. Union Braves: Scotland Lane, General-Zigow.

### Spencers Trim Wabash Bears

Score 7 To 6 In Softball Loop, Hawaiians, Reiters, Tigers Also Win

The Spencers won from the Wabash Bears last night at Rose Avenue field in a fast, close softball game 7 to 6, with Gutthier hurling a steady seven-hit game.  
The Spencers won the game in the last of the sixth with a three-run attack. Gutthier fanned three men and only walked one. Miron fanned two and walked none.  
M. Rainey patted out a homer for the Bears, and other heavy hitters in the game were E. Russo, Smith, Bird Riley, Evans and Henderson. A rally by the Bears in the first of the ninth was nipped after they had scored a pair of runs to make it six and take the lead.

Score by innings: R. H. E.  
Spencers 011 200 002-6 7 1  
Bears 000 003 011-7 9 0  
Batteries—Spencers, Gumbert and Kelley; Bears, Miron and Adamo.

### TIGERS KEEP UP STREAK

The Tigers club continued its winning streak in the City Softball league last night at Dean Park field by dumping the Lou's team 7 to 6 with Roger Magie handing out a three-hit game. He fanned seven men. The Tigers had 10 hits off of Beres and Harmon.  
Yanks Alferra was again the big gun for the Tigers with two of the longest homers ever hit at Dean Park field. This makes four straight games in which the popular star has hit for the circuit.

Score by innings: R. H. E.  
Tigers 000 000 000-7 10 1

### Rambling Around World Of Sports

Strictly off the cuff... Frank McKee, former major league pitcher, is reported to be in the hospital with a heart ailment. McKee, who played for the Yankees, is said to be in a local hospital with a heart ailment. McKee was a pitcher for the Yankees from 1924 to 1932. He was a right-handed pitcher and batted right. McKee was known for his curveball and his ability to pitch in the late innings of a game.

### Braceville Stars Meet Bessemer

Strong Aggregation Of Colored Players At Bessemer Saturday

Bessemer Colored Stars will be the attraction at the Bessemer field at 3 p. m. Saturday. The team is composed of former college stars and is a semi-pro team with Class A. A rating.  
The team has former college stars as Dewald of Wilberforce College, second base; Hanks, outfielder of Lincoln University; Edwards, former Pittsburg-Crawford star in right field; Johnson, Baltimore Black Sox pitcher; Gam, first base, all heavy hitters; Three, shortstop, who has reputation of getting at least one home run a game. Gentry, batter, and Gentry compose their pitching staff.

Bessemer has yet to be defeated in an independent game this year. With pitching stars such as Hardisty and Hestine southpaws, who have not lost a game this year, and "Dick" Nord, Audley Snyder, two right-handers to finish out their pitching staff, and the heavy hitting Stanley, Puromaki, Valenka, Bessemer expects to keep their record clean in independent circles.  
Bessemer also opens the second half in the Slovak League at Bessemer on Sunday. Bessemer finished second in the first half with seven wins and three defeats to be topped by St. Marys with eight wins and two defeats.

### Ryantown Upsets Elder A. C. 6-1

Witherow Hurls Fine Game That Is Halted By Darkness At End Of Fifth

Ryantown baseball team of the City League ended up the series at one to one with the Elder A. C. last night at Larkley field by taking an abbreviated count of 6 to 1 with Dickie Witherow in fine form and hurling a two-hit game.  
Witherow had the Elders eating out of his hand in every inning. Elder's Luna wasn't much of a prize to Ryantown last night and they clubbed out seven hits. Elder's base socks were socked by Mather, Langner, R. Conder, Butler, Witherow, and Harmon. The latter two players each clubbed two double apples.  
A third game is being arranged in the series.

Turns UpwardMarket Stronger After  
Shaky Start As Prices  
Go Up Few PointsBy LESLIE GOULD  
International News Service Financial Writer

NEW YORK, July 28.—The stock market recovered today from yesterday's general decline of 1 to 2 points, ending the day with a slight advance of 1 point in the first ten minutes of trading.

Gains were relatively small, however, and dealers were at a slow pace. Prices were soft at the opening, but turned immediately as investors led a recovery movement. After the first half-hour, leaders settled into a narrow and dull trading range close to levels reached on the early rally.

Stocks, copper, rails and rubbers joined motor shares in the van of the upswing.

Standard Oil of California, Philip Morris, Chrysler, Sears Roebuck, Westinghouse Electric and Eastman Kodak featured with gains of about a point.

Slightly smaller gains were shown by General Motors, U. S. Rubber, General Electric, Montgomery Ward, N. Y. Central, Johns-Manville, Kennecott and Anaconda.

tion To Be Featured

ELLWOOD CITY, July 28.—"Italian Day" will be observed on Friday at the Ellwood City Intra-National Festival and in the evening from 8 until 9 o'clock they will present a varied program of festivities in native costumes, displaying in regal manner the color and picturesque-ness of their home land.

The program will be presented by the Sons of Italy, Corona D'Italia, Victor Emanuel III, Washington's club and Italian Ballo Lodge. Among the girls who will present native dances are: Jean Ricciani, Olga Marioni, Henrietta Parascenzo, Mary Genevieve Yolanda Fellicione, Antennette DeTullo, Rita Matta, Emma DeTullo, Louise Statl and Flora Ferranti.

Friday's activities will begin at 3 o'clock with a baseball game between the American Legion All-Stars and the Allegheny county champions in the national eliminations. A softball game between Ellwood City Italia Ballo versus Rochester Sons of Italy will be staged at 5:30 p. m. From 6 until 7 o'clock there will be an archery exhibition and at 7 o'clock Mr. and Mrs. C. E. Jackson of Blue Mesa, Kas., will present an exhibition of trick and fancy horseshoe pitching.

Italian festivities began at 8 o'clock and at 8, 9, 10 and 11 o'clock valuable gifts will be awarded.

Features of tonight's program will be seven festivities at 8:15 and the dedication of the Ewing Park flag pole by the J. Wilbur Randolph post. Final day activities on Saturday present a crowded program commencing with a huge parade at 2 o'clock which promises to be the largest parade ever held in this city. Evening features include programs by the Hunzarians, Romanians and Poles and a gorgeous display of fireworks at 11 o'clock as the grand finale.

Exhibit Features  
Mission Meeting

ELLWOOD CITY, July 28.—A most enjoyable family picnic at Wednesday took place at Ewing Park where with descendants and friends of Peter and Leola Galbreath assembled for their first annual family gathering.

One hundred members of the family attended from Wampum, Ellwood City, Beaver Falls, East Palestine, Gettysburg, Detroit and Greenville.

Bountiful picnic meals were enjoyed at noon and early in the evening. Officers elected for the new year were: President, Earl Galbreath; Wampum; vice president, Jack Hergenrother, Wampum; secretary and treasurer, Mrs. J. B. Jennings, North Sewickley; grounds, Andrew McCaslin, sports, Clarence Blythe, Helen Galbreath; Grace Howell and Maude Harper, and tables, Sarah Monro, Elizabeth Miller, Marie Blythe, Sara Brouse, Dorothy Hergenrother and Althea Korker.

The hours were spent in a pleasant, informal manner with visiting and the park diversions claiming the attention of the various groups.

It was agreed to hold the reunion in 1939 on the last Wednesday of July at Ewing Park grove.

ELLWOOD CITY, July 28.—A charming event of Wednesday evening took place at the home of Mrs. Ray Mains of Westview, when members of the D. S. T. club motored there for the bi-weekly session.

A special feature of the evening was a delicious chicken dinner served at a most attractively appointed table centered with decorative arrangements of flowers. Mrs. Robert Mains, of this city, assisted in serving.

Cards at two tables formed the diversion of the evening with lovely awards being won by Mrs. F. D. Freidley, Mrs. Robert Mains and Mrs. Thomas McCloskey.

For the next meeting on Thursday evening, August 11, Mrs. Harry Ott will welcome the members at her home in Border avenue.

Mrs. May Francis

Ten-Day Outing Highly Successful In Every Line Of Endeavor

ELLWOOD CITY, July 28.—Girl Scout camp is over once more and from all reports it will remain the highlight of the summer in many a girl's memory.

Hard work of those remaining in camp this week was gradually finished and an interesting display of the work can be seen sometime soon in the library. It will include lovely clay and metal wall plaques, painted wooden guest book covers, beaded necklaces and samples of charcoal sketching.

The "Camp Log" which presents a picture of life at camp will also be on exhibition. The only criticism the girls had was that they wanted more and still more. This work was all under the direction of Mrs. James Bloom and Miss Emma Peck.

Pioneers feel that they have had a fine introduction to this type of scouting under Misses Virginia Wender, Margaret Cartwright and Jean Swick.

Councilors enjoyed a farewell party on Monday evening after tape with games, refreshments and appropriate amusing gifts and verses for each one.

On Tuesday evening, the regular leaders of the troops were entertained for supper. They enjoyed games, took dancing and a farewell camp fire with the scouts. As the night was so clear the entire camp took a star hike with Mrs. Bausch before hopping into bed. Wednesday of course was a general finishing day and everybody went home happy.

Upon examination by the camp nurse, Mrs. Garfield Thomas, before leaving camp it was found that every girl in camp except three had gained anywhere from a half pound to five.

All in all the Scout Council feels that a very fine job has been done by all concerned and that includes camp committee, councilors and the splendid work of the two leaders, Mrs. Swick and Miss Thompson. And on the council wishes to extend their thanks to them and all those who in any manner have helped to make this year's camp period so successful. In order to help with the development of the camp, the council will have a benefit at the Ellwood City Y. M. C. A. on Thursday night and everybody is urged to attend and patronize.

Pioneers of the month are:

Knoxville team: Cheryl Porter 46, H. S. Gled 46, Helen Acker 46, 18; Summer 31; Harry Porter 51, Tom Don 41, Charles Smith 51, David Borton 54. Total 460.

Wehman-Brown  
Marriage NewsELLWOOD CITY, July 28.—Com-  
munity as a complete surprise to their many friends is the announcement of the marriage of Miss Marie Wehman, daughter of Mr. and Mrs. Arthur Wehman of Wayne township, to Mr. John Brown, son of John Brown of 214 College street.

The marriage was an event of July 27, 1937, and took place at Cumberland, Md., with Rev. George E. Baughman, pastor of the First Methodist church of that city, performing the ceremony. Daniel P. P. of this city was the only attendant.

Both Mr. and Mrs. Brown are well known and have a wide acquaintance of relatives and friends who wish them much happiness.

U. P. Society  
At Stevensons

ELLWOOD CITY, July 28.—Twenty members of the Ladies Aid society of the First United Presbyterian church were hospitably entertained on Wednesday afternoon at the home of Mrs. Sarah Stevenson, of Park avenue.

It was an entirely social affair and featured an interesting display of antiques and cherished relics brought by each member. Tempting refreshments were served by the hostess aided by Mrs. John Agnes and Mrs. Milton Clarke.

On Thursday, August 25, the next meeting will be held at the church.

Picnic Planned  
By W. B. A. Review

ELLWOOD CITY, July 28.—Arrangements for their annual picnic to be held on Wednesday, August 3, at Huber's Beach, were formulated at the regular meeting of the W. B. A. Review held last evening in the First National Bank building with a good attendance of members.

Pioneers of the members will be guests and all those desiring transportation are asked to contact Mrs. J. H. Mackay of Fourth street.

Earlier in the evening the Junior League met and they made final arrangements for participating in the Ellwood parade on Saturday.

Legion All-Stars  
Lose First Game  
In Eliminations

Limited To One Run By Curtisville; Allegheny County Champions

ELLWOOD CITY, July 28.—By a decisive score of 9 to 1, the Ellwood American Legion All-Stars lost their first elimination game to Curtisville on Thursday when they portrayed there for the first play-off game.

McCready, the locals are southpaw, pitched good ball until the seventh when Curtisville went on a hitting spree. Smiley replaced McCready but was unable to stem the tide and Green finally took up the burden and allowed the hitters for the rest of the game. Oscar, Curtisville, are earlier pitched a steady game throughout, striking out 11 men. (Times-Record, Harrisburg and Hagerstown.)

The Ellwood team was severely punished in an explosion at the ball where he was employed. Mr. Barrett's condition is much improved. Mrs. Barrett was the former Mrs. Anna Waddington.

## Four Meet Death Result Of Rioting

RANGOON, Burma, July 28.—Four persons were killed and 90 injured today in a wild outbreak of Moslem-Buddhist rioting which swept from one end of the city to the other, killing virtually all normal activities.

Furious persons have lost their lives in three days of religious strife. As the communal rioters flamed into expanded shootings and stampedes, which the police were unable to control, troops were called out to halt the disorders. Armed cars patrolled the streets.

The Jap in China is beginning to sound more sincere when he says "No secret!"

Correct this sentence "I struck him" raised the rebellion, because he offered me a bribe to endorse his product.

## NO SECRET SAYS JOYFUL MATRON

So Delighted With Benefits "Vendol" Gave, Won't Be Satisfied Till All Her Friends Hear Of This Wonderful Medicine.

Mrs. Henry Euter, housewife, whose home is at 3432 Edison Ave., Westerville, Penna., says: "For years constipation bothered me. I changed from one laxative to another as they lost their effect, but I continued to suffer from nervous indigestion, excess acid in my stomach, painful gas and distressing heartburn. I often felt dizzy, spots danced before my eyes, tongue was coated and bad taste in mouth. Many days I suffered tortures from pains in my arms and back. It's no secret what Vendol did for me and I'm enjoying better health than in years. So advise every man and woman suffering this way to get Vendol without delay."

**VENDOL FAMILY MEDICINE**

Sold by most all leading druggists. Highly recommended here by New Castle Drug Co., 35 E. Washington St. and 24 N. Mill St., also Schweitzer's Pharmacy and Ellwood Cut Rate in Ellwood City, and Weaver's Cut Rate in New Wilmington.

## World War Vet Suicide Victim

(International News Service) CHICAGO, July 28.—Two small booklets told the story today of Henry Wagner, who shot himself to death in a suburban park.
